SUPT. L. B. GIBSON MAKES STATEMENT

To the people of Hood River county:
On account of some cross-currents in school affairs people have been asking me questions touching on the county superintendency of schools. The public has a right to know anything it wants to know about public affairs, so if I can shed a ray of light I shall do so.

Given life and health I hope to continue in the county superintendency until after the school fair in September. I have been planning and working with the teachers and pupils for the school fair next autumn, and I want to complete my obligation to them in this. After that, if the salary remains the same as it is now, I shall drop out at the first convenient stopping place. If the people wish my services, and if they see that the possibilities in the position are large, and if they feel that the worker is worthy of a fair return for his work, I shall give my time and best energies to the schools of the county. Under no condition will I accept two school positions again. Of that I have had enough, plus.

The county superintendency is potentially the finest, largest work in Hood River county. The only limit to the work is the inclination and the capacity of the worker. More than 2,000 letters and 500 other pieces of mail must be sent out every year. The county superintendency should be able to get into the schools and come to know all the pupils and do some teaching, especially the seventh and eighth grades. Without knowing them well he cannot promote them intelligently. He should have a part in all school affairs in all communities and help to bring that human touch deeply and warmly into all school activities.

In any event, I have had a delightful time in differing and in agreeing and in associating with the people of Hood River county, and I thank you kindly for all courtesies. Your bread is light, your drinks leave a clear head, your hearts are large and your children are an inspiration to all of us to live and work for high ideals.

Faithfully yours,
L. B. Gibson.

NO ADDITIONAL FUNDS CALLED FOR

"The State Highway Commission is not asking for more money," said R. A. Booth, commissioner, addressing a Lane county audience on the 4 per cent bond limit measure. "All we want is the power to capitalize the income now on hand. The state road funds are now taken from two sources—the one cent tax on each gallon of gasoline and the automobile license fees. The state constitution, as it now reads, prohibits more than 2 per cent being put into the roads, and what the commission wants is an amendment of this clause so 4 per cent can be put in to the roads. A direct additional tax is not asked for, nor is any increase in the gas tax or auto license fees."

Mr. Booth also brought out that "a new road program is not to be rushed through, but the present one is to be finished providing the voters of Oregon back up the 4 per cent limit measure." Commissioner Benson is also on record against rushing construction too rapidly, considering high labor costs and the high cost of money, but favors ratification of this 4 per cent bonding amendment so there will be authorization to issue bonds at such times as favorable conditions justify. Final control over actual bond authorization rests with the legislature, as unless the legislature passes enabling legislation under the 4 per cent amendment, the Highway Commission is without authority to issue bonds.

Five Divorces Granted

A record number of divorces for a single session of circuit court was granted Monday by Circuit Judge Wilson. In each case the decree was granted by the wife. The cases were: Mrs. Marie Lafferty vs. Sherman J. Lafferty; Christina B. Haynes vs. Chas. W. Haynes; Eleana Matheny vs. David Matheny; Lela M. Eastman vs. Stanley Eastman and Alma A. Holmes vs. Raymond Holmes. Cruel and inhuman treatment formed the ground in all cases except the last, in which Mrs. Holmes charged desertion. Mrs. Haynes was divorced from the husband on a former occasion at Baker, the second marriage occurring at Goldendale.

Columbia Rising Steadily

Rising at the rate of nine inches a day, the Columbia, after remaining stationary for the past week, has reached the 12 foot stage here. If the river continues to rise at this rate steamers will be able in 10 days to enter the Hood river along and land at the high water dock.

The river is gradually submerging the huge sandbar of several hundred acres north of the city.

Call For Bids

Bids will be received by the school board of District No. 2 up to and including May 14 for 15 or 20 cords of four foot body fir wood, to be delivered at schoolhouse by September 1. The board reserves the right to reject any or all bids.
